### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: The prior art of record fails to show or fairly suggest the combination as set forth in independent claims 36, 38 and 43 including but not limited to at least "at least one of the plurality of visible play positions having a hidden element changing the fixed number" and "controlling the length of the casino game when the displayed hidden element changes the fixed number by adjusting (or incrementing) the number of remaining selections". In essence, this results in a player's selection resulting in a player being awarded additional selections. As the priority accorded these claims is December 1997, no prior art is seen to these claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
